1. Login to portal.azure.com using office 365 @fireflyaccountancy.com account.
2. Click on View in **Manage Microsoft Entra ID**

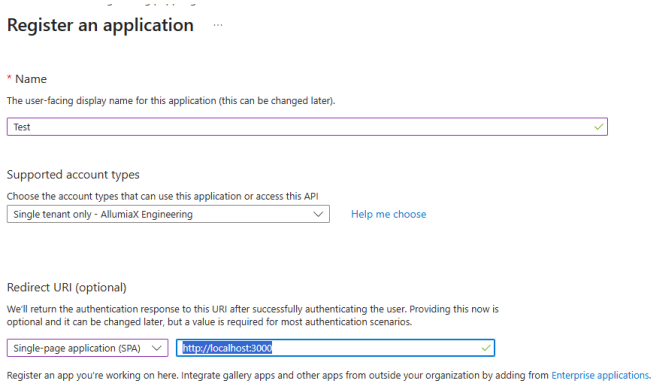

3. Click on App registrants from Sidebar

4. Click on “New registrant” from top header:

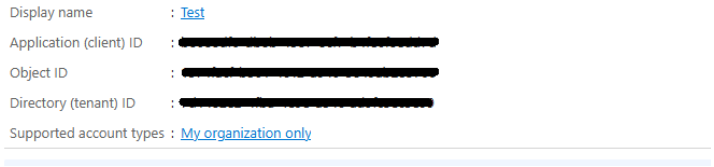

5. Enter the name, select Single Tenant as the account type, and set the Redirect URI to Single-page application (SPA): http://localhost:3000. Then click register.

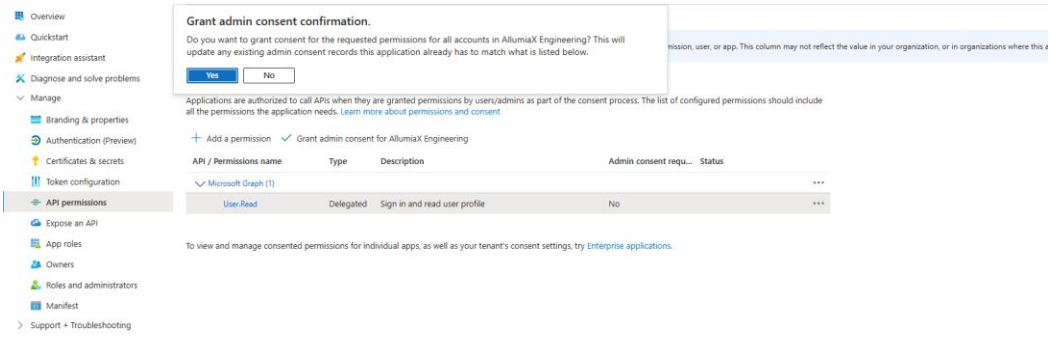

6. Copy Client ID, Tenant ID and share with me.

7. Click on API permission from Sidebar and add admin consent.

Make sure the status changes to Granted for FireFly Accountancy
